

QUESTION 22 OF 52: NOT ANSWERED

The author of Passage 1 indicates which of the following about the use of screen-based technologies?

---

**A** It should be thoroughly studied.

The author of Passage 1 cites numerous studies of screen-based technologies.

---

**B** It makes the brain increasingly rigid.

It is not supported by Passage 1.

---

**C** It has some positive effects.

The author of Passage 1 indicates that people can benefit from using screen-based technologies as these technologies strengthen “certain cognitive skills” and the “brain functions related to fast-paced problem solving.”

---

**D** It should be widely encouraged.

While the author mentions some benefits to screen-based technologies, he does not encourage their use.
