

QUESTION 29 OF 44: NOT ANSWERED

A

NO CHANGE

It does not provide a pronoun that is both singular and possessive.

B

they're

It does not provide a pronoun that is both singular and possessive.

C

its

The possessive singular pronoun "its" corresponds with the referent "kelp," which appears later in the sentence, and with the possessive relationship between the pronoun and the "terrestrial plant cousins."

D

it's

It does not provide a pronoun that is both singular and possessive.
