

QUESTION 43 OF 44: **NOT ANSWERED**

At this point, the writer is considering adding the following sentence.

As the number of corporate and service-based jobs has increased, the need for people who work with their hands has diminished.

Should the writer make this addition here?

-
- A** Yes, because it provides an example of specific repair skills being lost.

It misinterprets the relationship between the proposed text and the information in the paragraph.

-
- B** Yes, because it elaborates on the statistic about the Netherlands' municipal waste.

It misinterprets the relationship between the proposed text and the information in the paragraph.

-
- C** No, because it blurs the paragraph's focus by introducing a topic that is not further explained.

It accurately states that the issue of "corporate and service-based jobs" is not particularly relevant at this point in the paragraph. The focus here is on repairing objects in a "throwaway culture," not jobs.

-
- D** No, because it contradicts the claims made in the rest of the paragraph.

It misinterprets the relationship between the proposed text and the information in the paragraph.
